Read the text and answer the questions below.

Anna lives in a small town. On Mondays she visits the market to buy fresh vegetables and fruit. There is a bakery near her house where she buys bread and cakes. For medicines she usually goes to the pharmacy. On Saturdays she goes to the shopping mall with her friends. The mall has a big department store, several boutiques, a bookshop and an electronics shop. Anna likes to browse in the bookshop and sometimes buys a new novel. If she needs meat, she visits the butcher's; for fish she goes to the fishmonger. When Anna needs groceries late at night she goes to the convenience store.

Questions:

1. Where does Anna buy vegetables and fruit?
2. What does she buy at the bakery?
3. Which shops are in the shopping mall? Name at least three.
4. Where does Anna go when she needs meat?
5. What shop does she visit late at night?

Audio dialogue (approx. 1.5–2 minutes):

Shop Assistant: Good afternoon! How can I help you?

Customer: Hello. I'm looking for a new phone. Do you sell smartphones?

Shop Assistant: Yes, we do. Our electronics shop has several models. What features do you need?

Customer: A good camera and long battery life. Also, I'd like something not too expensive.

Shop Assistant: We have this model with a great camera and a 4000 mAh battery. It's on discount this week.

Customer: That's interesting. Can I pay by card?

Shop Assistant: Of course. Do you want to look at cases and chargers too?

Customer: Yes, please. Also, where can I buy a SIM card?

Shop Assistant: There's a mobile network kiosk in the mall near the food court.

Customer: Thank you. I'll take this phone and a case.

Shop Assistant: Would you like an extended warranty?
